

PRESS RELEASE

James Fisher NDT and James Fisher Aerospace present at Farnborough International Airshow

Friday 9th May 2012

The show traditionally provides an excellent venue where visitors can meet some of James Fisher's key personnel and discuss business opportunities as well as learn more about JF Aerospace experiences in supporting the Aerospace industry.

JF NDT were joined with their sister company JF Aerospace at the airshow this year. Representatives from JF NDT were pleased to discuss the range of services they provide, including NADCAP and UKAS accredited non-destructive testing (NDT) and the supply of industrial radiography systems.

PRESS RELEASE

James Fisher
NDT

Notes to editors:

JF NDT offers a range of products and services addressing non-destructive testing and non-destructive examination and radiological protection requirements for the aerospace, nuclear, defence, homeland security, chemical, oil and gas, and other industries.
